

# **BIRDS QUEENSLAND TWITCH.**

**28-30 October 2011**

## **INFORMATION FOR SPONSORS**

**This is a major fundraising event to support avian research in Queensland.**

**All proceeds go to support avian research within Queensland.**

**Birds Queensland encourages everyone, member or non-member, to take part.**

**Many birds and their habitats are threatened by human activities.**

The threats to Queensland's birds are many, including climate change and an increase in the state's human population with consequent reduction of native habitats. It is vital that research is carried out to help us understand the consequences of these events and to instigate actions which will help birds survive them.

**Please donate generously and support our scientists and our birds.**

**Donations (over \$2) are tax deductible.**

I am willing to support the BIRDS QUEENSLAND TWITCH 2011.

I am donating \$\_\_\_\_\_ per bird identified. (\_\_\_\_ birds X \_\_\_\_ ¢) = \$\_\_\_\_\_

I am donating a lump sum of \$\_\_\_\_\_ to the \_\_\_\_\_ team.
